

Attendance Management Plan Overview

Rationale

There is a clear connection for students at Te Kauwhata Primary School between going to school regularly and doing well in the classroom. Higher levels of educational achievement can mean better health, higher incomes, better job stability, and more participation in our local and wider community.

Te Kauwhata Primary School's Attendance Management plan provides clear expectations, emphasising attendance as a top priority. This plan outlines a stepped approach at Te Kauwhata Primary School to managing attendance, with defined escalation thresholds based on days absent per term.

This Attendance Management Plan has been developed to align with the Ministry of Education's [Stepped Attendance Response](#). It provides a clear process for accessing further support when needed and outlines recommended actions and responses for each stage.

Monitoring and Measuring Progress:

This document will be reviewed termly by the Principal and Attendance Manager at Te Kauwhata Primary School. We will adjust accordingly, depending on the attendance needs of our community, and to ensure that attendance procedures are being followed within the school. The school will liaise with the North Waikato Attendance Service, the MOE and other agencies to ensure that our attendance procedures are effective and meet our current national focus on attendance.

Attendance will be reported to the Board at every meeting through the Principal's Board Report by the Principal, and a summary of each term will be provided to the Board, staff and community at the beginning of the following school term.
