Reporting templates for physical restraint

Instructions

1. Attach the debriefing forms and any other relevant form (eg, Injury Form) to the Physical Restraint Incident Form.
2. Place copies of these forms in the student's file. Make the copied forms available to the student's teacher/s and the student's parents or caregivers.
3. Share data on physical restraint incidents with the Board of Trustees via the Principal's report. Only share this data in a session that excludes the public.

1. Physical restraint incident report (staff)

- The staff involved in restraining the student should complete this as soon as possible and within 24 hours.
- The incident report should be signed off by the staff involved, any staff who witnessed the incident, and the Principal or Principal's delegate.

Note: If the Principal applied the restraint, a delegated senior management team member should sign off the report.

2. Physical restraint debriefing form (staff)

- Within two days of the incident, a debriefing with the staff involved should be held by the Principal or Principal's delegate. Another member of staff who was not involved in the restraint should attend.
- If a behaviour specialist from the Ministry or RTLB service is supporting the student's team, they should be part of the debriefing process.

Notes: The Principal is responsible for facilitating the debriefing unless they are the person who applied the physical restraint. If this is the case, a suitable senior leader in the school should take this role. If police have been involved they should be invited to the staff debriefing too.

3. Physical restraint debriefing (parents or caregivers and, if appropriate, the student)

- The parents or caregivers should be notified and involved in discussion about the incident with the Principal or Principal's delegate as soon as possible so they can monitor their child's physical and emotional wellbeing at home.
- The parents or caregivers should be given the opportunity to discuss the incident and invited to become active partners in exploring alternatives to restraint.

Note: The staff member who applied the physical restraint should not be part of this meeting.
